Aysha Akter Urmi

Frontend Developer

Agrabad, Chattogram, Bangladesh

+88 01861-287053 | ayshaismail021@gmail.com | LinkedIn | GitHub | Portfolio

OBJECTIVE

- Motivated Frontend Developer with a BSc in Computer Science and hands-on experience in JavaScript, React, and API integration using Axios. Skilled in building responsive, user-friendly web interfaces with Tailwind CSS. Eager to contribute to innovative web applications.

EXPERIENCE

- **Startup Chattogram** *Dec, 2024 - March, 2025*
  Intern Chattogram, Bangladesh
  - Represented Startup Chattogram at the BRAC Youth Career Expo 2025, conducting on-spot interviews for nearly 200 job seekers and providing information about job openings and the company.
  - Participated in the Chattogram ICT Fair 2025, showcasing Startup Chattogram's initiatives and engaging with attendees to promote the startup ecosystem.
  - Collaborated with the team to organize events, workshops, and mentorship programs for aspiring startups.
  - Managed communication and outreach efforts to engage the local startup ecosystem.

EDUCATION

- **East Delta University** *January 2021 - January 2025*
  BSc in Computer Science and Engineering Chattogram, Bangladesh
  - Latin Honor-Cum Laude (CGPA 3.57/4.00)
  - Recipient of 33% BoT Grant scholarship on merit
  - Thesis: Memotion Analysis: Multimodal Fusion Techniques for Humor Classification in Memes

PROJECTS

- **FindConnect** *January 2025*
  Tools: JavaScript, React, React Router, Firebase, Tailwind CSS, SweetAlert2, Axios Live ~ Frontend ~ Backend
  - Developed a responsive web application for reporting and finding lost items, integrating frontend with backend APIs using Axios for seamless data exchange.
  - Implemented user-friendly interfaces with React and Tailwind CSS, ensuring cross-device compatibility and enhanced user experience.
  - Enabled real-time item recovery tracking and contact management, improving platform usability.

- **TechSpring-Client** *December 2024*
  Tools: JavaScript, React, React Router, Tailwind CSS, DaisyUI, Firebase, Vite, Axios Live ~ Frontend ~ Backend
  - Built a crowdfunding platform with React, enabling users to create and manage campaigns with secure donation processing via API integrations.
  - Designed responsive UI with Tailwind CSS and DaisyUI, incorporating dark mode and Firebase authentication for enhanced user experience.
  - Collaborated with backend developers to integrate frontend features using Axios, ensuring reliable data flow.

Skills

- **Frontend Development:** JavaScript, React, HTML, CSS, Next.js (Basic), TypeScript (Basic), Tailwind CSS, DaisyUI, Bootstrap 5
- **API Integration:** Axios, RESTful APIs
- **Frameworks and Libraries:** React Router, Node.js, Express.js, React Framer Motion
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Tools:** Aquavitae, Git, GitHub, VSCode, Postman, Figma, Firebase, Netlify
- **Programming Concepts:** Object-Oriented Programming, Clean Code Practices

Extra Curricular Activities

- **Unique Schooling**   *Oct, 2023 - Oct, 2024*

  Social Media Manager   Remote
  - Successfully managed social media platforms for Unique School, resulting in increased followers and engagement.
